PERSON (XX)NAME OF PERSON CONTACTED: Owens, Elizabeth E - MOTHER/VICTIM  

This date while at the victim's residence, her mother arrived with her husband. At this time I asked her if she would talk with me and she stated yes.

Upon explaining what she had asked me to, I asked her stated her daughter had talked about suicide the past three (3) days. She stated the victim and Justin had checked out cemeteries yesterday. I asked her if the victim had ever attempted to commit suicide and she stated yes, back in May. She stated the victim had barely cut her wrist and then attempted to get the bleeding stopped. She stated this is the only time she is aware of. She stated the main reason the victim did not go through with it was because she did not like blood. She stated that the victim was worried about Justin and him taking LSD in large doses. She further stated that Justin and the victim had a falling out and that he asked her to leave his apartment this past August. She stated she could not state anything further since the victim did not live with her. She advised if we needed anything further to get hold of her. No further action taken at this time.
